The Business Manager shall ensure that these regulations are followed.

Small purchase procurement (up to \$250,000)

- Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the Simplified Acquisition Threshold. If small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources. The Business Manager shall ensure that these regulations are followed.

Non-competitive procurement (sole source, etc.)

- Procurement by noncompetitive proposals. Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:
